DEPARTMENT OF PUBLIC INSTRUCTION.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE, BANGALORE.

Notification No. L. 3442-15I—40-41, *dated* 6—*7th March* 1941.

The following copy of letter No. S. &. G. 6091—40, dated the 30th October 1940, from the India Office, is published for public informations :—

E. G. MCALPINÉ,
Director.

I am directed by the Secretary of State to forward herewith copy of a letter received from the Bursar, Epsom College, Epsom, regarding the Densham and Crawford Scholarships and to ask that if the Government of India see no objection, the existence of these Scholarships may be made known in India.

From the Bursar, Epsom College, Epsom.—24th October 1940.

Sir,

Sir Cosmo Parkinson, himself an Old Epsomian, has very kindly given me permission to write to ask for your assistance in making known the terms of some scholarships, called "The Densham Scholarships", recently made available for tenure at Epsom College.

They are of the value of £150 p.a.; at present only one or two are available annually. More will be available later.

The terms of the trust are as follows :—

"To be awarded to sons of men of British nationality who, in the opinion of the Council of Epsom College, have done meritorious service to the British Empire, either within, or more especially outside the United Kingdom, and who are not in a position to give their sons a Public School education, or have died before making adequate provision for such education.

"These scholarships cannot be given to Roman Catholics.

"The testator's desire is to help the sons of the Upper Middle and Professional Classes (not entirely excluding, but not favouring, the sons of Medical Men)."

The chief regulations regarding the award are the following :—

Vacancies shall be notified in the public Press. Except with the special consent of the council, no boy can be admitted into the College who is under 12 or even 15 on the 1st of January in the year of examination.

Approved candidates, unless already in the College, will take the Common Examination for Entrance to Public Schools. No scholarship will be awarded unless a satisfactory standard of education has been reached.

Two scholarships will normally be tenable for the duration of the holder's school career, but it may be withdrawn or withheld if conduct and progress are not satisfactory.

The first and subsequent examinations will be the common Entrance Examinations held in February and March yearly for admission in the following September.

Arrangements will be made for the examination to be taken abroad where necessary and due allowance for delay in return of papers will be made.

For orphan sons of non-medical men, Colonel W. L. Crawford, D.S.O., another distinguished Old Boy, has just recently founded some scholarships of not more than £50 p.a. (for Boarders *or* Day-Boys) the amount awarded to be dependent on the Mother's financial position. Empire applicants will receive due consideration. The examinational arrangements are identical with those for the Densham Scholarships.

Full particulars and application forms for either scholarship can be obtained from "The Secretary, Epsom College, Surrey, England". Please allow me to thank you in advance for any help you may be able to give in making these scholarships known. It is the wish of the Council and Headmaster that the donor's desires and generosity should reach all parts of the Empire.
